Nothing Better Than Page's Perfected Poultry Food. "Rations should vary with the different seasons. Some kind of animal food is necessary at all times, and I have found nothing better or handler than Page's Perfected Poultry Food."

D. J. LAMBERT, Apponaug, R. I...

Doubles the Number of Eggs. "We have been for some time using your Perfected Poultry Food with such good results that we thought it a proper thing to tell you. It keeps our hens in good laying condition, and, we think, doubles the number of eggs. Being in good condition, lice do not trouble."

A. A. OLMSTEAD, So. Newbury, Vt.

The Best Poultry Food. 'I can truly say that Page's Perfected Poultry Food is the best Poultry Food that I fed my bens."

S. E. PENOYER, Constantia, N. Y.

A First-Class Article. "I have found Page's Perfected Poultry Food to be a first-class article. I feed it the year round. Chicks need it when they are growing: pullets need it when they are laying, and later, during the moulting period, it is a great help."

C. A. BROWNING, Apponaug, R. I.

Best on the Market. "We use Page's Perfected Poultry Food and find it the best on the market."

THE PROPER FOOD FOR POULTRY With all the diversified beliefs as to the proper diet for fowls to induce the greatest egg production, it is almost universally conceded that some meat or animal food is needed. For this purpose the handiest and most satisfactory article is 'Page's Perfected Poultry Food." H. H. Runnells of South Newbury, Vt., expresses the almost universal sentiment of all who have carefully used this tood. He says: "Having sold 'Page's Perfected Poultry Food' for several years past, we unhesitatingly commend it to all keepers for laying hens. We have already placed our order for the coming season, and in a few days will be ready to serve our customers again. As a food for the cold season, we think it has no equal."
